

**WORKPLACE SAFETY POLICY
FOR CONTRACTORS AND BUSINESS PARTNERS**

Origin Property Public Company Limited requires all Main Contractors and Subcontractors performing work on the Company's projects to strictly comply with workplace safety standards. These requirements are established as part of every service agreement, covering the following:

- The use of necessary Personal Protective Equipment (PPE) at all times while working;
- Safety standards for electrical systems and equipment within construction areas;
- Control and maintenance of cleanliness and orderliness of work areas;
- The display of identification badges and uniforms by all personnel on site.

Contractors are directly responsible for any damage or accidents arising from non-compliance with these standards. The Company maintains clearly defined monitoring mechanisms and penalties within the service agreement to ensure that safety standards are consistently upheld at every site.

This Policy was approved by the Company's Board of Directors on 14 August 2026.
